

*Artist's impression of new Chapel organ with improved lighting and acoustics*

*Chapel organ*

**THE PRIOR FOUNDATION**  
An Education for Life

## *Continuing Our Liturgical Music Tradition*

### - A NEW CHAPEL ORGAN

*Mechanical and structural problems mean our current Chapel organ is unfit for playing by students and visiting organists and its deterioration is beginning to restrict the range of music that can be played. It is no longer economically viable to maintain it.*

*A new Chapel organ is needed to ensure that our choral and liturgical music continues to thrive, enriching our worship, complementing our heritage and enhancing our reputation as a centre of excellence.*
